

Accessibility Statement

We are committed to providing a website that is accessible to the widest possible audience, regardless of circumstance and ability. We aim to adhere as closely as possible to the Web Content Accessibility Guidelines (WCAG 2.0, Level AA), published by the World Wide Web Consortium (W3C). These guidelines explain how to make Web content more accessible for people with disabilities. Conformance with these guidelines will help make the web more user friendly to everyone.

Additionally, as a UK-based business, we aim to meet the guidelines outlined in BS 8878:2010, the first British standard to outline a framework for web accessibility, in order to meet the requirements of the Equality Act 2010 which states that web products must be accessible to all.

Whilst we strive to adhere to the guidelines and standards for accessibility, it is not always possible to do so in all areas of the website and we are currently working to achieve this. Be aware that due to the dynamic nature of the website, minor issues may occasionally occur as it is updated regularly. We are continually seeking out solutions that will bring all areas of the site up to the same level of overall web accessibility.

If you have any comments and or suggestions relating to improving the accessibility of our site, please do not hesitate to contact us using the contact form on our website. Your feedback will help us make improvements.
